PROJECTS:

MES RŪŠIUOJAM
PRISUUNK IR TUI!

Erasmus+

Project "SVEIKATIADA"

We joined the project in 2020. It is a long-term project to develop a healthy children's lifestyle. During interesting and attractive events children expand their knowledge and understanding about healthy eating, nutrition and physical activity.

Health living project "SVEIKATOS ŽELMENĖLIAI"

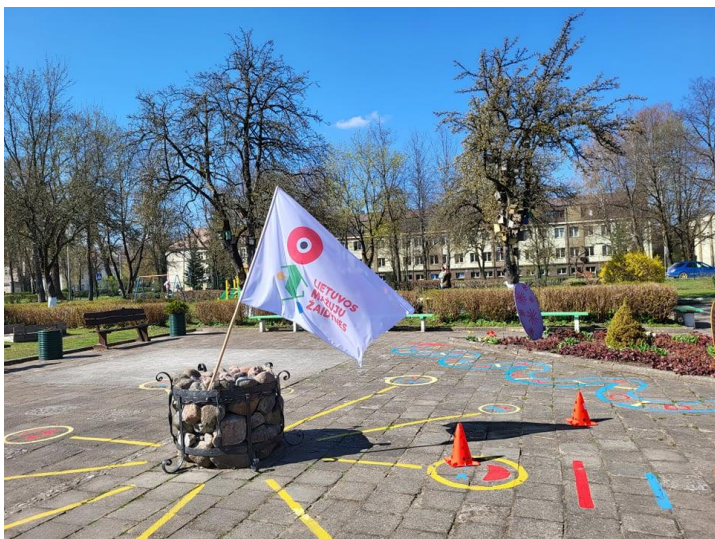

This project started in 2007 in our kindergarten. Children promote and expand the network of healthy kindergartens in Lithuania. It creates a suitable and safe environment for children's health and attractive conditions for children to move and play sports.

Project "LIETUVOS MAŽŲJŲ ŽAIDYNĖS"

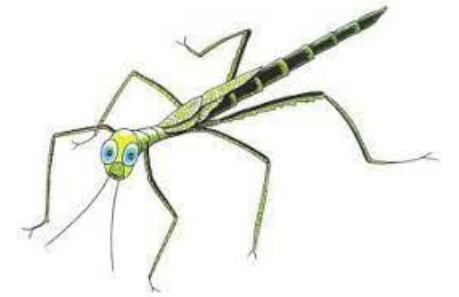

This project started in 2016. The main aim is to increase physical activity in kindergarten and to develop collaboration between kindergartens in Lithuania. Our kindergarten participates since 2018.

Programme „ZIPIO DRAUGAI“

It's international programme for 5 - 7 years old kids. In Lithuania this programme appeared in 2000. It develops children's social and coping skills, presents the concept of coping with challenges, strategies for overcoming difficulties. Children discuss different themes how to find and keep friends, ask for help, cope with loneliness, bullying or death.

Environmental project "MES RŪŠIUOJAM"

During this project all kindergarten's community collects electronics, batteries and other waste. UAB "Atliekų tvarkymo centras" takes all these waste for recycling.

eTwinning projects

Our teachers also participate in different projects in Lithuania and other countries using eTwinning platform. They communicate with other kindergartens, do the same tasks, share photos or even have virtual meetings using Zoom platform.
